**COMMENTS**

The attached map relates to Question No. 17 in the Request for Information you received from EPA. The tract of land referred to in that question is a triangular piece of property, approximately 5 acres in size, which lies directly beneath portions of the eastern and western spurs of the New Jersey Turnpike. The Essex County Resource Recovery Facility borders the property to the west and the PSE&G Essex Generating Station to the east.

**WARNING:** The information contained in this telefax is intended only for the use of the individual(s) or organization(s) named above. If you are reading this and you are not the intended recipient, please **DO NOT READ BEYOND THIS COVER PAGE**. You are notified that any further inspection, dissemination, or copying of this telefax is **STRICTLY PROHIBITED**. If you have received this telefax in error, please notify us by telephone immediately, and we will arrange to have it returned to us. Thank you for your cooperation.
